

DURA HOSE

ESAB Dura Hoses are specially designed gas hoses for welding and oxy-fuel gas cutting with gas specific colour coding. The hoses are designed with a core of Black Synthetic Elastomer, High Tensile Polyester Yarn Reinforcement and Hyper Retardant Thermo-compound cover. The hoses are light weight, flexible with kink & crush resistance and very low bend radius. The Hoses conform to BIS standards.

<i>Model</i>	<i>Gas Service</i>	<i>Size (mm)</i>	<i>Hose ID (mm)</i>	<i>Hose OD (mm)</i>	<i>Max. Working Pressure (Bar)</i>	<i>Minimum Burst Pressure (Bar)</i>	<i>Minimum Bend Radius (mm)</i>
DURA HOSE 5 MM	Oxygen/Acetylene/LPG	5	5	11	15	55	18
DURA HOSE 8 MM	Oxygen/Acetylene/LPG	8	8	16	15	55	25
DURA HOSE 10 MM	Oxygen/Acetylene/LPG	10	10	18	15	55	38
